

# VDA KLT

Serie

---

---

SLC or Small Load Carrier are transportable bins made of plastic.  
The KLT-range has been especially conceived for the logistic process in many industries.  
Thanks to the KLTs, components will be transported safely from the Supplier to the Manufacturer.

## Characteristics

- Recyclable
- Dimensionally stable and robust
- Flat inner wall (for a simple cleaning)
- Made of copolymere PP
- Manual and automatic Handling
- Non-tilting and permit container stacking (by the ribbing on the baseplatte and the stacking feet)
- Application in AKL-system
- Horizontal and vertical bite (in KLT-uses and lifting slots)
- Long side gripper-/ installation clamps
- Automatic parts removal
- Dangerous goods bins
